WORK EXPERIENCE

KK Medicals and Services Limited; Abia, Nigeria

January 2024 to July 2025

Finance Manager

- Led strategic financial planning and FP&A to facilitate business expansion in pharmaceutical services, delivering a 10% increase in new project contracts through rigorous forecasting and executive-level presentations.
- Directed full-cycle financial reporting, variance analysis, and P&L management, generating monthly and quarterly insights enabled senior leadership to make timely operational and investment decisions.
- Designed and implemented internal financial controls and policies, ensuring regulatory compliance and strengthening governance across all business units in a regulated industry.
- Partnered with clients and strategic stakeholders on financial structuring of contracts, contributing to a 25% increase in total contract value while enhancing long-term revenue stability.
- Executed cost optimization initiatives across operations, identifying resource reallocation opportunities reduced operating expenses by 20% and improved overall profitability.

Evaton Pharmaceutical Limited; Abia, Nigeria

March 2021 to January 2024

Finance Manager

- Built and managed corporate budgeting and forecasting model supporting annual planning across multiple functional areas, providing senior management with cost constraint analyses informed strategic resource allocation.
- Led full-cycle FP&A activities, including financial planning, budgeting, forecasting, and monthly reporting, to facilitate executive decision-making in a pharmaceutical environment.
- Collaborated with internal audit teams and external consultants on operational and financial reviews, synthesizing findings into management reports drove process improvements and risk mitigation.
- Supported implementation of updated financial policies and compliance standards across core business processes, enhancing organizational controls and regulatory readiness.

Agary Pharmaceuticals; Anambra, Nigeria

July 2018 to March 2021

Accounting Officer

- Managed end-to-end accounting operations, including accounts payable, accounts receivable, bank reconciliations, and strict month-end close processes, laying foundation for accurate financial reporting.
- Oversaw monthly, quarterly, and annual financial close activities, ensuring timely and accurate delivery of statements and reports to support reliable P&L visibility.
- Partnered with external auditors to analyze tax provisions and prepare corporate income tax filings, achieving 100% compliance with regulatory requirements.
- Streamlined inventory cost analysis and financial reporting processes by developing standardized procedures, increasing reporting accuracy by 95% and improving cost visibility for management decision-making.
